

## Chapter I: The Beginning

Once there were two kids Jennifer and Connor. They were both 10 years old. They did everything together actually they are boyfriend and girlfriend.

Anyway...they did everything together they even thought they were spies well actually they were spies they just didn't know. Well anyway let's see what's happening now... "Hey Connor, Who are we spy on today?" asked Jennifer "Not who are we going to spy on, were are we going to spy?" said Connor finishing his homework "In the forest or at the park?" "I don't know...how about we just play on my computer" said Jennifer putting away her homework. "Ok"said Connor as he quickly ran upstairs. Jennifer quickly following behind. "Hey look Jen you have mail" said Connor sitting down on the chair. "Hey yeah...hey let's see what it is." said Jennifer as she sat down next to him almost squishing him out of the seat. "Huh it says it's from the U.F.S it says we can go to a summer spy training camp" said Connor "Oh yeah I signed up for that a few months ago" said Jennifer grabbing the mouse from Connor "Hey it starts on Saturday just when Summer vacation starts" said Jennifer "Yeah but how are we going to get are parents to let us go there?" asked Connor "It's disguised as a summer camp" said Jennifer closing her email account "Oh yeah...well my parents are

going to let me go to a summer camp they are actually trying to get me out of my house. How about yours?" asked Connor as he got out of the chair. "Ya I guess all we have to do now is ask" said Jennifer "Yep... well I'm off to ask my parents see you tomorrow" said Connor as he left.

## Chapter II: U.F.S

The next day Connor was driven to summer camp. As he got out he saw Jennifer waiting for him by the entrance of U.F.S. “Hey Connor, over here” said Jennifer waving Connor over. “Hey Jen, What are you doing?” asked Connor. “Waiting for you Connor” said Jennifer as she rapped her arms around Connor. “It’s nice to see you to Jen” said Connor as he carefully jerked away. “Bye Mr. and Mrs. Smith” said Jennifer. Connor and Jennifer walked inside and fell down this dark hole. At the bottom of the big hole there was something that looked like a big air base actually it was a big air base just under ground! “Wow” said Jennifer looking around the hanger. “I know?” replied Connor curiously. “Hey Jen look over there I think it’s the teacher” said Connor pointing at a person dressed in all black and white sunglasses. “Probably let’s go see” said Jennifer running towards the man in black. “Excuse me sir are you the instructor?” asked Jennifer “Why yes I am” asked the man in black. “Who’s asking?” “We are sir” said Jennifer “I’m Jennifer and he’s Connor” “Great just go over there to the sign up table and they will put you in your groups” said the man in black. So they walked to the sign up table and got into there

groups. They were in the same groups and I mean all the same groups.

### Chapter III: First class

The first class was sneaking into places into places. “Ok class” the teacher said as she sat down in her chair. “Today we will be studying how to sneak into places”. The teacher got out of her chair and started explaining. “Today you will be taking a training course the same one every Saturday”. So they started the training course you had to break into a house and take a weapon out of a robots hand without being caught. Connor got through easily Jennifer had little problems still she didn’t get caught. They had to do that a few times they both got a C+. After class they went into the hallway but as they walked to there lockers another kid in their class he was a straight A student. “Hey look it’s the new kids” said Jake (that was the name of the straight A student) closing Connor’s locker as he leaned on it. “Hey why did you do that?” said Connor as he pushed Jake away. “Huh I don’t need a reason” said Jake “You sure do” said Connor “Oh... you want to go?” asked Jake threatening Connor with his fist. “Let’s just go Connor” said Jennifer as she pulled Connor away. “Oh I see your little girlfriend is afraid” said Jake as he laughed. “No I’m not” said Jennifer as she suddenly stopped and turned around. “You aren’t are you” said Jake with a grin on his face “Then prove it” “How about no” said Jennifer letting go of Connor

“Fine but don’t think I don’t have my eye on you new be” said Jake as he walked away.

## Chapter IV:Second Class

The second class was flying class. In flying class everyone got a partner (Connor and Jennifer were together) and picked an airplane. Once they got in their airplane, flew out of the hanger and shot a few targets but what the students didn't know was that there was on target that wasn't fake and it was going to destroy U.F.S Connor new right away that when he couldn't destroy the plane that it was real so he told Jennifer to fly them back and warn every one. But once they got back the instructor was waiting for the first plane to land and tell them it was up to them to save U.F.S and probably the world and to do that you had to go to the F.U headquarters and shut down the power source. So Connor asked "Is Jake going to go?" "No Connor" the instructor said as he laughed. "Good" Connor said with a relief. "So are you in or out?" asked the instructor "In" they both said at the same time. So they got their stuff, put it all in the spy car, set the car to the coordinates the instructor gave them and got there very quickly. "Hey Connor if I am in trouble you'll help me right?" asked Jennifer "Yeah"replied Connor "You promise?" asked Jennifer grabbing Connor's hand "I promise" said Connor as Jennifer leaned over and kissed him on the cheek "Thanks" said Jennifer. Once they got out of

the car they saw the F.U hq (Headquarters) it was high in the mountains.

## Chapter V: F.U HQ

As Connor and Jennifer entered F.U headquarters they noticed Jake talking to Dr.Rouge it looked like he was paying him but for what? “Hey maybe he was the airplane pilot at U.F.S”said Jake as he scratched his head looking at Jennifer “What makes you think that?” Jennifer asked “Hmmm maybe the same plane at U.F.S”said Connor as he pointed at a plane with a big F.U on the side. “Yeah you do have a point” said Jennifer. But then suddenly Dr.Rouge spotted them behind the crates. So he sent his henchmen after them Connor knocked out half of them out one by one the same way for all of them and Jennifer did almost the other half except for one he had her by the neck threatening to drop her into a pool and drown. But Connor carefully kicked the henchman to knock Jennifer out of his hands. “Oh thank you Connor you saved me Connor !” said Jennifer as she quickly ran towards Connor and rapped her arms around him crying. “It’s ok Jen your going to be ok I got you” said Connor “Your going to be ok” he said as he didn’t jerk away but rapped his hands around her. “Hahahaha I have you now” Dr.Rouge said with a grin on his face. “Oh no you don’t” Connor said as he pulled out a spy laser sword. But Dr.Rouge also had a spy laser sword that Jake gave him Connor tried to hit Dr.Rouge But Dr. Rouge didn’t get hit.

## Chapter VI:Unguard!

For a whole half hour after that Connor and Dr. Rouge attacked, dodged and defended. Finally Dr.Rouge strikes Connor. The good news is it was only a scratch. “Connor!” screamed Jennifer as she ran towards Connor picking up his sword doing the same thing but for a whole hour. Suddenly Jennifer got Dr.Rouge and h fell to the floor. But they forgot about Jake. Suddenly Jake ran in and zapped Jennifer and took her sword and Dr.Rouge’s sword. “Today you will die Connor” Jake said as he raised the swords up high. But then Connor took out his spy laser gun and stunned Jake. Jennifer was now unzapped and Connor and Jennifer got into the car and went back to U.F.S HQ.

# THE END

About the author Connor Templeman

At the age of ten Connor started righting. It started out as righting a script for his very own movie but the PABD inspired me to right my very own book. I will also right other books like fantasy and romance. So watch out for more books made by Connor Templeman!!!

I hope you enjoyed this book as much as I enjoyed righting it even though it was short.
